Property Information

All lands and lots on which taxes are delinquent and unpaid are subject to a tax certificate sale at public auction. The properties are auctioned annually on the fourth Monday in August commencing at 10:00AM see RSMO 140.150.

The list of properties subject to sale is published in the Courier Tribune newspaper of general circulation for three consecutive weeks prior to the tax sale, and may also be found at www.claycountymo.tax/taxsale. Each parcel offered for sale is individually identified by advertised item number, owner of record, parcel number, amount of taxes due, and a brief legal description as it appears on the Assessor's rolls.

The advertised item number on each parcel reflects the number of times the property has been offered at previous tax sales, not the number of years that taxes are due.

First, Second, and Third Publication

1. Bidding starts at the amount of taxes due (this may include city taxes or assessments) plus \$454.00 advance on due diligence and recording costs.
2. First and Second publication offerings have a one year redemption period.
3. Third publication offerings have a 90 day redemption period.

Fourth Publication

1. Bidding starts at the amount of taxes due plus \$47.00 cost of sale and recording fees.
2. These properties have no redemption period. The right to a Collector's deed will be perfected as soon as the bid amount is paid in certified funds.

3. The deed will be typed, recorded and mailed to the buyer. Carefully research the properties you bid on. There may be some properties in Clay County with federal or state liens, hazardous conditions, uncertain legal descriptions, or that are considered common area. **It is the responsibility of the buyer to research the property fully and understand how those conditions may impact your purchase.**

Non tax sale liens or other obligations on the property may not be extinguished by the issuance of a Collector's deed. Consult your attorney about liens and/or deeds of trust, etc (RSMo 140.420).

All lands shall be subject to all validly recorded covenants or easements of record or in use.

Some parcels may be subject to additional special assessments, not eligible to be collected through the County tax sale. The Collector takes no responsibility for such additional special assessments, and will issue a Collector's deed without collection of same. Tax sale buyers are hereby informed that the taxing entity may choose to maintain its claim thereto. The Collector places an asterisk next to properties that have liens we know about, but there may be other liens we do not know about. Lack of an asterisk is not a warranty of title.

Potential Participant Eligibility

If you are a resident of Missouri, at least 18 years of age, you must provide the Collector with a notarized affidavit attesting that you are not delinquent on any tax payments on any property. The Office of the Collector issues, records, and mails a copy of the certificate of purchase to the buyer. Interest on tax certificates is paid at 10% annually on the amount of delinquent taxes only, not on any overbid. Subsequent taxes paid earn 8% annually. Both of these interest rates are calculated on a daily basis and stop accruing the day we receive sufficient funds for redemption.

Buyers will receive subsequent tax statements each year on the property until it is redeemed, or the period has expired to obtain a collector's deed. Failure to pay the subsequent taxes before they become delinquent will result in forfeiture of the all buyer's rights of the property acquired by the certificate of purchase. (RSMo 140.410)
